WOODEN FLOORING

ABOUT US

RIGA PARKET is a manufacturer of natural and ecological solid and multilayer hardwood flooring and interior elements that provides economical and also individual and exquisite solutions.

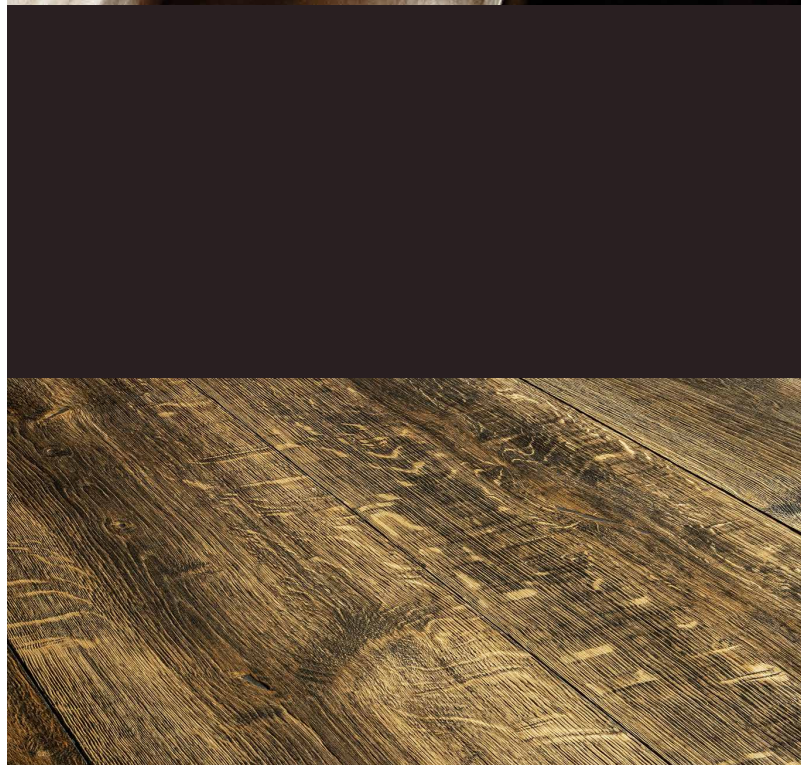

MORE THAN 15 YEARS

Successfully combining the best traditions and the options of the latest technologies, the company manufactures and installs wood flooring for more than 15 years.

RIGA PARKET takes care of the whole floor making process – from tree felling to floor installation, thus providing high quality at an affordable price.

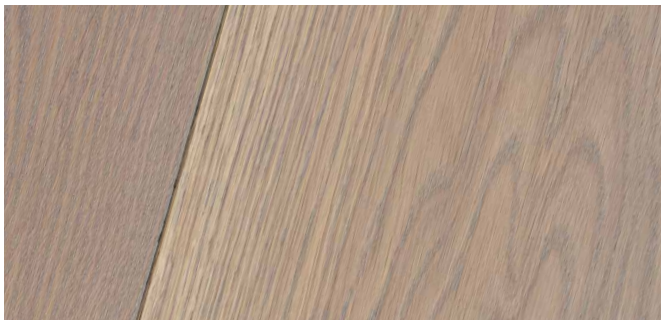

FINISHES

Flooring boards can either be supplied from the factory pre-coated with oxidative hardwax oil based on vegetable waxes or supplied untreated for finishing on site after installation.

For exquisite interiors we offer individual finishes with an unlimited selection of shades.
